OVERVIEW

Cristo Rey New York is a member of the Cristo Rey Network of Schools (www.cristoreynetwork.org), a national association of college preparatory schools supported by the Bill & Melinda Gates Foundation.

MISSION

Cristo Rey New York High School (CRNYHS) provides an affordable alternative for urban families who seek a small, Catholic, college-preparatory school for their sons and daughters. These motivated students would not otherwise have the opportunity to attend a Catholic or private secondary school in New York City. In essence, the Cristo Rey educational opportunity is meant to be a transformative experience for our students. We challenge them to become open to growth, intellectually curious, religious, loving, committed to justice and work experienced. We expect our graduates to be leaders in service to others.

THE CORPORATE WORK STUDY PROGRAM

The Cristo Rey Corporate Work Study Program is the key to Cristo Rey model schools' financial sustainability and long term success. Each student is assigned to a 4-member job sharing team; working 5 days per month to cover a standard 40 hour work week. The job team's income is divided up among the students and assigned to the school to cover up to 70% of the cost of their education. Participating local companies include Pfizer, MetLife, Credit Suisse, JP Morgan Chase, Skadden Arps, and 86 other businesses and not-for profit organizations. The academic schedule is structured so that at no point is a student missing class time. Participation in the mandatory Corporate Work Study program affords students the opportunity to acquire job experience and skills, gain exposure to career options, develop a strong work ethic and build self-confidence.
